

HAPPY A New Year

As we celebrate our 30th year in business and bring 2015 to conclusion, we are acutely reminded every day that 30 years of sustainable business success would not have been attainable without a plethora of loyal and passionate clients, partners, friends, employees, and associates.

Many Thanks:

To my supportive wife, Marian, who stood beside me enduring the daily ups and downs, always offering an attentive ear, advice, guidance, or even a hug when needed. You have been the wind beneath my wings!

For the many blessings of having three amazing children, Lauren, Kristen, and Chad, who have truly made the journey the stuff that dreams are made of. We have found a way to balance the grind and stress of a start-up business with sports and family fun, while always giving back to the community and those who are less fortunate. With your inspiration, we achieved incredible results.

To our amazing 14-years-on-average employees who have made Grimley Financial Corporation the award winning company it is with unprecedented employee morale: you are living proof that our company success is as good as our passionate employees. Thank you for your dedication and for making our company a proud and fun place to work.

Wishing everyone a most healthy and prosperous 2016 and the happiest of New Years! May all of your dreams and aspirations come to fruition, may all of your aches and pains heal, and may your next step be a small step towards all of your goals and wishes for 2016!

God Bless America and the American Dream!
With much gratitude,

Chuck Grimley
