

PRESS RELEASE – February 24, 2015

**GRIMLEY FINANCIAL CORPORATION CELEBRATES THIRTIETH YEAR OF BUSINESS
PROVIDING FULL SERVICE HEALTHCARE REVENUE CYCLE MANAGEMENT SERVICES
FOR HOSPITALS AND THEIR AFFILIATED PHYSICIAN GROUPS**

Grimley Financial Corporation, a Haddonfield, New Jersey based healthcare collection agency enters its thirtieth year of business today. Specializing in full service healthcare Revenue Cycle Management (RCM) solutions for hospitals and their affiliated physician groups, Grimley Financial has continually provided its partner clients with unequalled results, compliance and leading edge technology.

Charles Grimley III, CEO, states “It has been an amazing ride and I am proud of the team here at Grimley Financial. In a climate ruled by regulatory confusion and ever changing laws, Grimley Financial has been nimble; staying ahead of the curve as opposed to playing catch up. Our focus on customer service and compliance has allowed us to continue to provide liquidity levels higher than the industry averages to our partner clients, while never compromising their reputation in the communities they serve. We have grown from a small to mid-size agency, setting revenue records in each of the last two years, under extremely challenging circumstances. Our focus on the correct blend of technology and hiring only professional, experienced account representatives has paid dividends countless times over. Our Vice President and Compliance Officer, Scott Brownlee, ensures that we are operating at peak efficiency and effectiveness without losing sight of the mission of Grimley Financial which plays a critical role in our better performance than other agencies”.

Says Brownlee, “Grimley Financial continues to raise the bar in providing our partners with superior results and service. We constantly reevaluate our processes, technology and our people, making necessary adjustments to remain at the top of our industry in compliance, service and recovery results. We have the technology of the largest agencies in our industry, but technology takes you so far. Our difference is our people who day in and day out deliver exceptional results in a professional, ethical manner”.

Mr. Grimley adds, “I want to thank our employees, partner clients, vendors, associates, and my family for everything they do. Without them, Grimley Financial would not have made the thirty year mark in this business. I am excited to see what new heights the next thirty years bring to the organization”.

Grimley Financial, now in its thirtieth year of operation, has sustained a reputation for excellence in service, compliance and results in Accounts Receivable Management venue. Proud members of ACA International, IACC, HFMA, an INC. 500/5000 recipient and inaugural member of the Wharton School of Business’s “Philadelphia Top 100” hall of fame, provides revenue cycle management services to hospitals and physician groups. Private K-12 educational institutions and Commercial recoveries round out its product line.
